TRIGGER TECHNOLOGIES

SATISFACTION TRIGGERED

The Most Reliable Source for IT Solutions

Trigger Technologies is committed to its Clients where we draw strength from their Faith on our Ability to help them better than others. We Train our Sales and Service Persons to help our Clients in all best possible ways. We deliver products and services at quality and service levels that at least match the best in the trade, providing affordable, professional computer services to individual users, small businesses and organizations. Our aim is to supply good quality IT products and provide professional computer repair and support services to businesses, educational institutions and private individuals at competitive rates. We pride ourselves on our impartial advice, high quality products and extensive after sales support.

OUR MOTTO

To be the technology solution provider of choice for businesses, specializing in the development of networking and internet business solutions. We realize that customer satisfaction is the path to our success. We put our customer first, with in depth needs analysis and the development of workable, best-in-class solutions.

Our customers benefit from the blend of tried and true technologies with the new and emerging technologies, making it possible for businesses to interact on an unprecedented scale at an affordable cost. Our ultimate goal is to turn our knowledge into value for the benefit of our customers.
